About Unity Church Worldwide [Discover \(unity.org\)](#)

Unity Church, located in Unity Village, Missouri, follows spiritual principles rooted in the teachings of Jesus the Christ and other awakened spiritual teachers. Here are some key principles:

These ancient universal principles taught by Unity offer foundational guidance for living abundantly and staying in tune with your own divine nature. They are used in Unity churches throughout the world.

1. God is everywhere and always present in every circumstance. This divine energy underlies and animates all of existence.
2. Human beings are innately good because they are connected to and an expression of Spirit.
3. Our thoughts have creative power to influence events and determine our experiences.
4. Prayer and meditation connect and align us to our own spiritual nature within God.
5. It is not enough to understand spiritual teachings. We must apply our learning in all areas of life, incorporating them into our thoughts, words, and actions.
